

Mentorship Program

Are you a new municipal administrator? Do you sometimes feel overwhelmed and wish you had a peer you could call? PMA has a mentorship program in place that may be suited for you.

This is how the process works:

1. Any new administrators looking to be mentored are encouraged to call the PMA office.
2. A committee will review the list of Mentors to determine those available in that particular region, and best suited to meet the needs of the Mentee.
3. PMA will act as the organizer and make arrangements for both parties to talk and/or meet. (Please be advised that any costs incurred for travel, etc. will be the responsibility of the Mentee and/or their respective council.
4. PMA will encourage a continued relationship of ongoing dialogue and learning.

To become part of this initiative, please contact the PMA office at 726-6405 or via email at ex.dir@nlama.ca.
